

Stock Control and Inventory Webinar Q&A

Can I print Stock Levels?

Yes, you can – under stock control tab

Can I do my stocktake using Excel and import the file into Merlin?

Unfortunately not – But the stock level reports from Merlin can help with this task

How do I enquire about further stock management training?

Please contact your local Business Development Manager and they can assist with this

When inventory is located at multiple locations (Branch practices and cars etc.) can I track it and how do I do that?

You can track this through the stock movement tab under utilities and Stock control

Can I make new stock centres if needed?

Yes, you can within Merlin
