

# Print Weight Chart

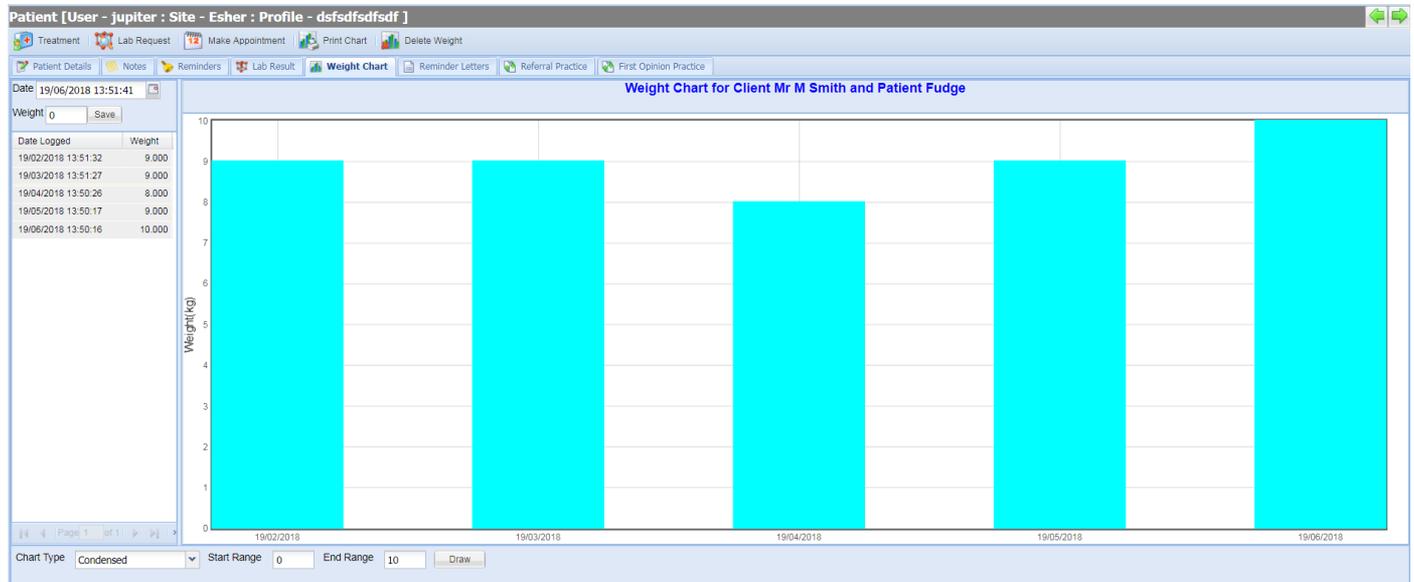

Merlin Release Notes 2.3.52

## What is it?

The ability to print Weight charts has been introduced in 2.3.52.

## How do I use it?

To print a weight chart, load a patient, go to Patient Details and select the 'Weight Chart' tab.

Select the button 'Print Chart'. The Chart is exported onto an A4 page and can be printed via the 'Print' button.
